Notes:
1. The Change Order Labor Rates are calculated using the most current published prevailing wage and fringe benefits determination, applicable to the Los Angeles County and the particular labor classification, from the State of California Director of Industrial Relations. To the Total Base Hourly Wage Rate (Column D), will be added Payroll Taxes at 8.65% (Column E), and Worker's Compensation & General Liability Insurance at 13% (Column F) of the base wages (Columns A+B), respectively.

<p>2. The most commonly used labor classifications employed on Bureau of Engineering projects are listed in the table above. The change order rates for labor classifications not listed in the table will be calculated using the available prevailing wage wage and fringe benefit determinations from the State of California Industrial Relations. Payment to a craft of classification not shown on the prevailing wage rate determinations shall comply with the rate of the craft or classification most closely related to it.</p> <p>3. Copies of the prevailing wage and fringe benefit determinations are available on the internet at http://www.dir.ca.gov/OPRL/PWD/.</p> <p>* Effective until superseded by a new determination issued by the State of California Director of Industrial Relations.</p> <p>** In addition, an amount equal to 3% of the base hourly rate is added to the total hourly rate and overtime hourly rates for the National Employees Benefit Board.</p>
