**Venice Dual Force Main Project**

**Construction Activities April 24, 2017 through June 30, 2017**

Construction of a new 54-inch diameter force main sewer line to operate as a parallel system in conjunction with the existing sewer line. The project will increase capacity, create pipeline redundancy and allow for maintenance.

<p><b>What work is planned?</b></p>	<ul style="list-style-type: none"> <li>• Potholing of utilities</li> <li>• Televising of sewers</li> <li>• Land surveying</li> <li>• Noise and vibration baseline</li> <li>• Construction trailer mobilization</li> <li>• Site fencing installations</li> <li>• Geotechnical instrumentation</li> <li>• Utility relocations</li> <li>• Existing Condition Documentation</li> </ul>
<p><b>Where is the construction area?</b></p>	<p>Along the entire sewer alignment, notably Hurricane Street; Marquesas Way; Via Marina Boulevard; Pacific Avenue; Vista Del Mar (see map on back)</p>
<p><b>When will work begin and end?</b></p>	<p>This construction activity will occur from April 24, 2017 to June 30, 2017. Overall project construction is scheduled for completion by Summer 2020.</p>
<p><b>What time are crews scheduled to work?</b></p>	<p>Expected construction hours are Monday through Saturday from 7:00 a.m. to 5:00 p.m. in most areas. Hours may vary by jurisdiction, please check our web site for specific hours in your jurisdiction.</p>
<p><b>What can I expect?</b></p>	<p>There will be minor, daily short-term traffic diversions throughout the construction work area. Part of this work will include using large trucks and equipment with some noise and dust. Every effort will be made to minimize the impact.</p>
<p><b>Is local access impacted?</b></p>	<p>Traffic will be maintained for local access at all times. Driveway access will be maintained for businesses and residents for deliveries and trash pickup.</p>
<p><b>Safety Measures</b> (to protect the public and construction crew)</p>	<p>Appropriate traffic handling measures will be implemented to safely divert traffic through the construction zone. Safety barriers/ cones and/or traffic control flaggers will be used in all construction areas.</p>
