Date: SEP 28 2010

Public Resources Code Section 21152(a) requires local agencies to submit this information to the County Clerk. The filing of this notice starts a 30-day statute of limitations on court challenges to the approval of the project pursuant to Public Resources Code Section 21167.

LEAD CITY AGENCY AND ADDRESS: Department of Public Works, Bureau of Engineering 1149 South Broadway, Suite 600, Los Angeles, CA 90015-2213	COUNCIL DISTRICT 15
---	------------------------

PROJECT TITLE: (Including its common name, if any) Wilmington Drain Multi-use and Machado Lake Ecosystem Rehabilitation Project (BOE W.O. EW40021A and EW40022A)	CASE NO.: C.F.: 10-2281
---	----------------------------

PROJECT DESCRIPTION AND LOCATION: The proposed project is located adjacent to and within the Ken Malloy Harbor Regional Park (Harbor Regional Park - located at 25820 Vermont Avenue) and is comprised of three components: Wilmington Drain Multi-use, Machado Lake Ecosystem Rehabilitation, and a Supplemental Water Supply Pipeline. Because the stormwater and urban runoff that is conveyed through the Wilmington Drain flows into Machado Lake, and the supplemental water pipeline would be constructed to deliver water to Machado Lake, these components are being evaluated as one project. The Wilmington Drain component includes three elements: 1) habitat and park design; 2) channel improvements and bank stabilization; and 3) Best Management Practices (BMPs). The Machado Lake component includes five elements: 1) habitat and park design; 2) BMPs; 3) lake improvements; 4) wetlands improvements; and 5) recreational improvements. The Supplemental Water Supply Pipeline includes the construction and operation of a new 16-inch (or smaller) supplemental water pipeline to deliver microfiltration/reverse osmosis treated water from the Terminal Island Water Reclamation Plant to Machado Lake for replenishment during the dry season. The pipeline would be constructed primarily within public right-of-way along existing roadways. The broad goals of this Proposition O project include improving water quality, flood control capacity, and the biological diversity of the ecosystem to attain and sustain its desired uses and characteristics, i.e., wildlife habitat, flood control, environmental education, and recreation.

CONTACT PERSON: Maria Martin	STATE CLEARINGHOUSE NUMBER: 2009081093	TELEPHONE 213-485-5753
---------------------------------	---	---------------------------

This is to advise that on **September 28, 2010** the **City Council** of the City of Los Angeles approved the project described above and made the following determinations:

- | | |
|------------------------------------|---|
| SIGNIFICANT EFFECT | <input checked="" type="checkbox"/> The project will have a significant effect on the environment.
<input type="checkbox"/> The project will not have a significant effect on the environment. |
| MITIGATION MEASURES | <input checked="" type="checkbox"/> Mitigation measures were made a condition of project approval.
<input type="checkbox"/> Mitigation measures were not made a condition of project approval. |
| OVERRIDING CONSIDERATION | <input checked="" type="checkbox"/> A Statement of Overriding Considerations was adopted.
<input type="checkbox"/> A Statement of Overriding Considerations was not adopted.
<input type="checkbox"/> A Statement of Overriding Considerations was not required. |
| ENVIRONMENTAL IMPACT REPORT | <input checked="" type="checkbox"/> An Environmental Impact Report was prepared for project and may be examined at the Office of the City Clerk.
<input type="checkbox"/> An Environmental Impact Report was not prepared for the project. |
| NEGATIVE DECLARATION | <input type="checkbox"/> A Negative Declaration or Mitigated Negative Declaration was prepared for project and may be examined at the Office of the City Engineer
<input checked="" type="checkbox"/> A Negative Declaration or Mitigated Negative Declaration was not prepared for the project. |
