CITY OF LOS ANGELES ENVIRONMENTAL NOTICES

Notice is hereby given to the general public of the availability for public review and comment on the following environmental documents. Please call the telephone number listed in each particular item for information regarding the location where the document is available for the review and where written comments must be addressed. CD indicates the City Council District. The publication is intended to serve as our Notice of Intent to adopt the following Proposed Mitigated Negative Declaration (MND) or Negative Declaration (ND).

**MITIGATED NEGATIVE DECLARATION-NG-13-334-E.** Replication due to revised project description. ENV-2013-1578, 944 N. Arhole Way, Bel Air-Beverly Crest, Council District 5. The proposed project involves the construction of a new 2-story single family dwelling with basement, a guest house, a cantilevered tennis court and other apartment structures, including a swimming pool and retaining walls, and approval of a haul route for the export of approximately 39,805 cubic yards of earth. The main residence will be 2 stories in height (plus basement) and will contain approx. 70,187 sq. ft. of floor area. Total floor area onsite will be approx. 85,154 sq. ft. As proposed, the project requires several discretionary approvals: 1) A Zone Variance to permit up to 4 fixtures within a single family dwelling and guest house on property in the E20-LH Zone, in lieu of one fixture in the main dwelling otherwise permitted under LAMC Sec. 12.07.01-A-1; 2) The approval of a Haul Route to permit the exporting of approx. 39,805 cubic yards of earth to off-site disposal; and 3) The waiver of Tract Map Conditions (WTC) for grading on a lot that is larger than 60,000-sq. ft. Please call a DAV in advance to review file: (213)978-1322. If no answer, please leave message. Documents are available for review by appointment ONLY at Los Angeles City Hall, 120 N. Los Angeles St., 9th Floor, Los Angeles, CA 90012. For more information, please contact: [Therese.Navarrete@laci.n.org](mailto:Therese.Navarrete@laci.n.org), REVIEW/COMMENT period ends: Nov. 20, 2013.

ends: November 20, 2013

**DRIFT EIRs**  
It has been determined that the following proposed projects have a significant effect on the environment and draft Environmental Impact Reports (EIRs) have been prepared. EIR-10-026-BE: NOTICE OF COMPLETION AND AVAILABILITY DRAFT PROGRAM ENVIRONMENTAL IMPACT REPORT (Draft PEIR) CITY OF LOS ANGELES SOLID WASTE INTEGRATED RESOURCES PLAN (SWIRP)

Proposed Project: The City of Los Angeles has developed the Solid Waste Integrated Resources Plan (SWIRP) a long-range plan for the City's solid waste management needs through 2030. SWIRP identifies the policies, programs and facilities that will be needed to reach the City's goal of 90 percent landfill diversion by 2025. Significant Environmental Effects of Project SWIRP, which is a Master Plan with no site specific development proposed at this time, identifies the potential future development of 10 to 15 facilities that would address the City's solid waste infrastructure needs through 2030 (one large or six small composting facilities, three clean material recovery facilities, one resource recovery center for self-hand materials, and five alternative technology facilities for treating residual waste). The analysis in the Draft PEIR identified potentially significant impacts, including impacts to aesthetics and noise, and resources, agricultural and forestry resources, biological and cultural resources, geology and soils, hazardous materials hydrology and water quality, land use and planning, mineral resources, visual, population and housing, public services and recreation. All of these impacts could be mitigated to below a level of significance. There are also some potentially significant, unmitigable air quality and traffic impacts related to the construction and operation of solid waste facilities at the program level of analysis.

Public Review Period: The Draft PEIR is available for public review from October 31, 2013 to December 20, 2013. Please send your written comments no later than December 20, 2013 to: Reina Pereira, Senior Environmental Engineer, Solid Resources Support Services Division, Bureau of Sanitation, 1149 South Broadway, 5<sup>th</sup> Floor, Mail Stop 521, Los Angeles, CA 90015.
